

# The Champs

The 38<sup>th</sup> Ontario Engineering Competition (OEC) 2017 was held on Jan 27<sup>th</sup> - Jan 29<sup>th</sup> at Carleton University. Around 16 of the major colleges and universities competed in several categories and McMaster competed in the Programming category.

The challenge this year was to design a power grid simulation system that reroutes power to minimize consumption in case of over usage or power lines going down. This system must be complete with a user guide as well as a presentation. After the judging, McMaster came out on top!

The team was composed of (L to R in the picture):

Mikhail Andrenkov, Ian Prins, Jacoby Joukema, and Or Almog
