June 4, 2014

Dear Rong and Jacques,

Thank you for your application for FWI funds to support the project entitled, "Enhancing Teaching through Wearable Technologies." Yours was one of 53 applications submitted. McMaster has a commitment to supporting faculty development, and we were encouraged by the strong response to the call for proposals and the potential impact of the activities and initiatives that have been put forward.

Members of the FWI advisory group have carefully reviewed all of the submissions using the publicized criteria, and paid particular attention to the evaluation and sustainability of the potential impact. We are pleased to inform you that your project has been selected for funding in the amount of \$5000. Some feedback generated by the reviewers is attached for your information. In some instances, there are clear connections between the efforts of diverse groups on campus; we have attempted to highlight these synergies so that your efforts and expertise may complement each other.

We will be following up with you as time passes to request an update on the status of your project. As with the previous rounds of proposals, we intend to draw attention to the initiatives that have been supported through *Forward with Integrity* funding.

We wish you success as you work toward achieving the intended outcomes of your project and we look forward to learning from your initiative.

Congratulations!

Sincerely,

David Wilkinson
Provost and Vice-President, Academic

Dear Rong and Jacques,

The reviewers found your project to be an interesting and worthwhile initiative. You are encouraged to work with MIETL and possibly some teaching professors to broaden the impact of this project. The reviewers were enthusiastic about the innovative approach to teaching that your project will investigate.

Please respond to this letter with a chartfield string that can be used to transfer the funds. You will find some notes appended to this letter outlining the administration plan for fund transfer.

We look forward to hearing about the results of the project once it moves ahead, so we will be seeking an update from you in the coming months. We will also request a general summary of how the funds have been spent, and a template has been included following this letter so that you are aware of the information that we will be requesting. If you have any questions or concerns, please contact me anytime.

Congratulations!

Best regards,

Laura Harrington
